Auditor 6M
Electricity monitoring for the IoT age

Wattwatchers brought circuit level electricity monitoring to market with the award winning Auditor series.

Wattwatchers’ cellular devices provide reliable electricity monitoring for residential and commercial applications using the cloud application of your choice.

Integrating Wattwatchers products into your solution provides granular, reliable monitoring and data access flexibility.

- Applications include:
  - Solar monitoring and DER integration
  - Building performance and submetering
  - Utility services
  - Home Energy Management

We’re always looking for new use-cases so contact us to discuss your application of the Auditor 6M.

Features
- Real-time energy monitor leveraging cellular communications
- Up to 6 channels of measurement
- Revenue-grade (Class 1 accuracy)
- Suitable for single, two and three phase applications
- Two-pole, 35mm DIN package
- Domestic, commercial and industrial applications
- Device Management System for over-the-air configuration

Options
- Switching for up to three independent circuits via external relay
- Modbus connectivity (coming 4Q2018)
